Dear Harold,

Enclosed find clippings of interest on JFK and MLK. How have you been?

I hope you are doing well. Don't know if you heard about deaths of Penn Jones and Irving Diamond. I've enclosed Diamond's obit. I found out about Penn Jones through Andy from The Last Hurrah bookshop. Andy is sending me 3 newspapers from Texas with Jones obits. Are you still writing and if so what are you writing? Was wondering if you ever had the painting done on your house. I've been studying Edwin Walker recently. Besides what we already know about him being a right wing nut is there any thing else that you could tell me about him. Do you know of any books about him particularly a bio. I've asked Andy from Last Hurrah but he says there is not much about Gen. Walker. Things have been pretty good for me. I stay busy with my job,house and kids.

I just saw a repeat of The men who killed Kennedy and I saw them interview you in your basement.

Hope you are well.
More clippings to follow.

P.S. If you are still taking visitors, may try to come down that way maybe in April or May. Would very much like to spend time with you but have to see what my money situation is like.
